

Technical Skills

- **Languages:** HTML, CSS, JavaScript.
- **Frameworks/Libraries:** React.js, Node.js, Express.js.
- **Tools:** Firebase, Git, GitHub, MongoDB.
- **Concepts:** REST API, Responsive Design.

Soft Skills

- **Problem Solving:** Tackle coding challenges with logic.
- **Teamwork:** Collaborate effectively on projects.
- **Creative Thinking:** Innovate fresh solutions.
- **Communication:** Clearly explain ideas.

CERTIFICATIONS

- Web Development by SMIT ongoing.

EDUCATION

Sindh Madrasatul Islam University (SMIU)

Bachelor's in BSCs(Comp. Science)
2022- ongoing

Govt. Degree College, Gulshan

Intermediate in Pre Engineering 2019
- 2022

Seven Seas Academy, Security Press

Matriculation in Science
2017-2019

QUALIFICATIONS

Problem Solver: Proficient in developing creative solutions, such as identifying strategic ways to resolve challenges within fictional and academic frameworks.

Continuous Learner: Dedicated to improving technical skills and understanding, with a focus on applying theoretical knowledge to practical challenges.

Web Development Proficiency: Fluent in HTML, CSS, and JavaScript, with strong skills in solving JavaScript problems.

Technical Knowledge: Currently enrolled in a Web and App Development course, with a solid foundation in front- end technologies (HTML, CSS, and JavaScript).

Critical Thinker: Demonstrates analytical and creative problem-solving abilities, including constructing well-reasoned theories and solutions.

Continuous Learner: Actively enhancing expertise and applying knowledge to practical challenges and real-world scenarios.

SUMMARY

Dedicated and detail-oriented web-development enthusiast skilled in HTML/CSS, JavaScript, and React, with hands-on experience integrating Express.js APIs, MongoDB, and Firebase services. Known for sharp analytical thinking, I tackle coding challenges on HackerRank and translate creative ideas into real-world solutions while continuously expanding my technical toolkit.
